CONSENT DECREE

A. The United States of America ("United States"), on behalf of the Administrator of the United States Environmental Protection Agency ("EPA"), filed a complaint in this matter pursuant to Section 107 of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, 42 U.S.C. § 9607, as amended ("CERCLA"), seeking reimbursement of Response Costs incurred or to be incurred for response actions taken at or in connection with the release or threatened release of hazardous substances at the North Belmont PCE Site located in Belmont, Gaston County, North Carolina.

B. The defendants that have entered into this Consent Decree ("Settling Defendants") do not admit any liability to Plaintiff arising out of the transactions or occurrences alleged in the complaint.

C. The United States has reviewed the Financial Information submitted by Settling Defendants to determine whether Settling Defendants are financially able to pay Response Costs incurred and to be incurred at the Site. Based upon this Financial Information, the United States has determined that Settling Defendants are able to pay the amounts specified in Section V.

D. The United States and Settling Defendants agree, and this Court by entering this Consent Decree finds, that this Consent Decree has been negotiated by the Parties in good faith,

that settlement of this matter will avoid prolonged and complicated litigation between the Parties, and that this Consent Decree is fair, reasonable, and in the public interest.

THEREFORE, with the consent of the Parties to this Decree, it is ORDERED, ADJUDGED, AND DECREED:

IV. BACKGROUND

4. During the approximate period of 1962 to 1975, Defendants William J. Roper Sr. (deceased) and Nancy Roper, owned the Property and leased a portion of the Roper Shopping Center to Untz Dry Cleaners, a dry cleaning facility. The United States alleges that during the time period of his lease, Mr. Untz and his employees disposed of the spent dry cleaning solvents by dumping them on the ground or into the septic system, thereby contaminating the shopping center groundwater.

5. The United States alleges that Untz Dry Cleaners' activities at the Site resulted in the spilling, leaking or other release or threatened release of chemicals in to groundwater and drinking water wells in the area, including chemicals that constitute or contain hazardous substances within the meaning of Section 101(14) of CERCLA, 42 U.S.C. § 9601(14), and 40 C.F.R. § 302.4.

6. The Site was initially investigated by the Gaston County Health Department in February of 1991, to evaluate community water supplies for Volatile Organic Compounds ("VOC's"). Results indicated significant contamination by VOCs including perchloroethylene ("PCE"), trichloroethylene ("TCE") and 1,2-dichloroethylene ("DCE").

7. EPA was contacted for assistance and, in February 1991, EPA Region IV's Emergency Response and Removal Branch began collecting and analyzing drinking water samples from wells in the area. PCE, TCE, and CE were again detected in high concentrations.

8. EPA set up temporary water tanks for use by the residents and supplied bottled drinking water to the residents and the school students in the area. EPA took out of service the contaminated drinking water wells and set up monitoring wells on-Site.

9. Both the State of North Carolina and the EPA conducted site investigations in 1993 and 1995. In 1996, EPA constructed a one-mile water line extension thereby connecting 29 affected residences to with the City of Belmont's public water system.

10. EPA issued a Record of Decision in 1997, which described the selected remedy for the Site, including groundwater exposure abatement along with groundwater treatment. The remedy is expected to take ten years and has in the past included groundwater remediation activities at the Property. Monitoring of the Site is expected to continue for approximately fifteen years.

11. The Site ranked on the National Priority List on July 22, 1999, and remedial action has continued into the year 2007. EPA has incurred \$7,473,369.29 in Response Costs at the site as of April 13, 2005.

12. William J. Roper died in December 2004, and the other defendants have submitted financial information which demonstrates an inability to pay the Response Costs at this site.

13. The Settling Defendants have provided the United States with a complete listing of the property they own. The parties have agreed that the only property of value which Settling Defendants possess and which should be subject to the sale pursuant to this Consent Decree is the Roper Shopping Center, or Property.

V. SALE OF PROPERTY AND PAYMENT OF PROCEEDS

14. Sale of Property. If the Property has not been sold by the Effective Date of this Consent Decree, the Settling Defendants shall perform the following:

A. Settling Defendants will advance all reasonable costs to market or sell the Property including but not limited to advertising or listing expenses.

B. Settling Defendants agree that they will not sell, assign, transfer, or exchange the Property except by means of a Transfer. Settling Defendants shall use their Best Efforts to Transfer the Property beginning sixty (60) days after the Effective Date of this Consent Decree. The parties recognize that any prospective purchaser of the Property could request a letter from EPA that addresses whether any further response action is planned for the property and what steps must be taken by the prospective purchaser to avail itself of Bona Fide Prospective Purchaser status under CERCLA Sections 101(4) and 107(r), 42 U.S.C. Sections 9601(4) and 9607(r).

C. Within ninety (90) days after the Effective Date of this Consent Decree, Settling Defendants shall submit to EPA, information documenting their Best Efforts to Transfer the Property. This information shall be sent, return receipt requested, to Associate Regional Counsel, U.S. EPA, Region 4, at the address provided in Paragraph 41. Settling Defendants shall, every 90 days thereafter, submit an update documenting their continuing Best Efforts to Transfer the Property.

D. If the Property is not sold within twenty-four (24) months after the Effective Date of this Consent Decree, Settling Defendants shall sell the Property at a public auction, to the highest bidder within 30 months of date of entry of the Decree. The auctioneer must be a professional, commercial auctioneer.

E. At least thirty (30) days prior to any Transfer, or such shorter period as the Parties may agree in writing, Settling Defendants shall notify EPA of the proposed Transfer, which notice shall include a description of the Property or portion thereof to be transferred, the identity of the purchaser or transferee, the terms of the Transfer, the consideration to be paid, and a copy of the Transfer agreement. If the amount of the consideration to be paid is equal to or greater than the Fair Market Value, and if the offer does not contain commercially unreasonable contingencies or terms, then Settling Defendants shall sell the Site Property. If the amount of the offer is not equal or greater

than the Fair Market Value, then the decision to accept the offer and to sell the Property is within EPA's sole discretion.

E. Settling Defendants shall notify EPA of the completion of the Transfer within ten (10) days after the date of Transfer and shall include with such notification a copy of the closing binder, including copies of final executed documentation for the conveyance and a work sheet setting forth the Net Sales Proceeds and the amount payable to EPA.

F. In the event of a Transfer of the Property or any portion thereof, Settling Defendants shall continue to be bound by all the terms and conditions, and subject to all the benefits, of this Consent Decree except if the United States and Settling Defendants modify this Consent Decree in writing.

15. Payment of Proceeds. Upon Transfer of the Property pursuant to Paragraph 14 above, Settling Defendants shall perform the following:

A. Upon receipt of the Net Sale Proceeds from a Transfer of the Property by sale or auction by Settling Defendants, Settling Defendants shall pay to EPA seventy-five (75) percent of the Net Sale Proceeds of the Transfer of the Property. Payment shall be made within 14 days of the effective date of the Transfer of the Property, and shall be made in accordance with Paragraph 15.D.

B. Any taxes due on the Property shall be deducted from the remaining Twenty-Five (25) percent of the Net Sales Proceeds after payment pursuant to Paragraph 15.A. Settling Defendants shall bear the full burden of paying all taxes on the Property.

C. In the event the Property is Transferred before the Effective Date of this Consent Decree, Settling Defendants must pay to the United States an amount representing Seventy-Five Percent (75%) of the total amount for which the property was Transferred and Payment shall be made within 14 days of the effective date of this Consent Decree, and shall be made in accordance with Paragraph 15.D.

D. Payment shall be made by certified or cashier's check made payable to "EPA Hazardous Substance Superfund." The check, or a letter accompanying the check, shall refer to the name and address of Settling Defendants, the Site name, the EPA Region 4 Site ID # 04-QD, and the CERCLA Docket Number for this action, and shall be sent to:

Paula V. Batchelor
Superfund Accounting Division
U.S. EPA Region 4
Box Number 100142
Atlanta, GA 30384

At the time of payment, Settling Defendants shall also send notice to EPA in accordance

with Section XVI (Notices and Submissions) that payment has been made. Such notice shall refer to EPA Region 4 Site ID #A4Y1 and the CERCLA Docket Number for this action. The total amount to be paid by Settling Defendants pursuant to this Paragraph shall be deposited by EPA into the EPA Hazardous Substance Superfund.

16. Foreclosure or Auction by the United States. If the Property is not sold pursuant to Paragraph 14, the United States shall be entitled to foreclose upon or auction the Property. If the United States forecloses on the Property and/or auctions the Property, the United States retains one hundred percent (100) of the Net Sale Proceeds. The United States shall not foreclose on the Property during the 30 months allowed for sale or auction of the Property as provided in Paragraph 14.

17. Future Sale. If the Property is not sold as a result of an auction by Settling Defendants pursuant to Paragraph 14.D. even though Settling Defendants used best efforts to auction the property, then Settling Defendants shall have no further obligation to sell the Property under this Decree. However, the Federal Lien will remain in effect as per Paragraph 22.

VI. FAILURE TO COMPLY WITH CONSENT DECREE

18. Interest on Late Payments. If Settling Defendants fail to make any payments required by Section V. by the required due date, Interest shall accrue on the unpaid balance through the date of payment.

19. Stipulated Penalty.

A. If any amounts due under Section V. are not paid by the required date, Settling Defendants shall be in violation of this Consent Decree and shall pay to EPA, as a stipulated penalty, in addition to the Interest required by Paragraph 18, three hundred dollars (\$300.00) per violation per day that such payment is late. If Settling Defendants do not comply with any other requirements of this Consent Decree Settling Defendants shall be in violation of this Consent Decree and shall pay to EPA, as a stipulated penalty, one hundred fifty dollars (\$150.00) per violation per day of such non-compliance.

B. Stipulated penalties are due and payable within thirty (30) days of the date of demand for payment of the penalties by EPA. All payments to EPA under this Paragraph shall be identified as "stipulated penalties" and shall be made by certified or cashier's check made payable to "EPA Hazardous Substance Superfund." The check, or a letter accompanying the check, shall reference the name and address of Settling Defendants, the Site name, the EPA Region 4 Site/Spill ID# 04-QD, and the CERCLA docket number for this action, and shall be sent to:

Paula V. Batchelor
Superfund Accounting Division
U.S. EPA Region 4
Box Number 100142
Atlanta, GA 30384

C. At the time of each payment, Settling Defendants shall send notice that such payment has been made to EPA in accordance with Section XVI (Notices and Submissions). Such notice shall identify the Region 4 Site/Spill ID # 04-QD, and the CERCLA Docket Number for this action.

D. Penalties shall accrue as provided above regardless of whether EPA has notified Settling Defendants of the violation or made a demand for payment, but need be paid only upon demand. All penalties shall begin to accrue on the day after payment or performance is due or the day a violation occurs, and penalties shall continue to accrue through the date of payment or the final day of correction of the noncompliance or completion of the activity. Nothing herein shall prevent the simultaneous accrual of separate penalties for separate violations of this Consent Decree.

20. Payments made under this Section shall be in addition to any other remedies or sanctions available to the United States by virtue of Settling Defendants' failure to comply with the requirements of this Consent Decree. If the United States brings an action to enforce this Consent Decree, Settling Parties shall reimburse the United States for all costs of such action, including but not limited to costs of attorney time.

21. Notwithstanding any other provision of this Section, the United States may, in its unreviewable discretion, waive payment of any portion of the stipulated penalties that have accrued pursuant to this Consent Decree. Settling Defendants' payment of stipulated penalties shall not excuse Settling Defendants from payment as required by Section V or from performance of any other requirements of this Consent Decree.

VII. NOTICE OF RELEASE OF FEDERAL LIEN

22. In exchange for receipt of all payments required by Section V of this Consent Decree, EPA shall deliver to Settling Defendants a Notice of Release of Federal Lien for filing in the Office of the Clerk of Court for Gaston County, North Carolina. The Notice of Release of Federal Lien shall release the Federal Lien filed on March 9, 2000, at 9:16 a.m., in the Gaston County Office of Records, in Book 3059 at Page 303. If the Settling Defendants are unable to sell, auction or otherwise transfer the Property within 30 months after entry of the Decree, then the United States will not release the lien on the Property until it is either auctioned by the United States or the Federal Lien is otherwise satisfied.

VIII. COVENANT NOT TO SUE BY UNITED STATES

23. Except as specifically provided in Section IX (Reservations of Rights by United States), the United States covenants not to sue or to take administrative action against Settling Defendants pursuant to Sections 106 and 107(a) of CERCLA, 42 U.S.C. §§ 9606 and 9607(a), relating to the Site. This covenant shall take effect upon receipt by United States of all amounts required to be paid by Section V, along with any amount due under Section VI (Failure to Comply with Consent Decree). If no amounts are paid to the United States pursuant to Paragraphs 14 and 17, then this covenant not to sue shall take effect no later than thirty months

after entry of this Consent Decree. This covenant not to sue is conditioned upon the satisfactory performance by Settling Defendants of their obligations under this Consent Decree. This covenant not to sue is also conditioned upon the veracity and completeness of the Financial Information and the Insurance Information provided to the United States by Settling Defendants. If any of the Financial Information or Insurance Information is subsequently determined by the United States to be false or, in any material respect, inaccurate, Settling Defendants shall forfeit all payments made pursuant to this Consent Decree and the covenant not to sue shall be null and void. Such forfeiture shall not constitute liquidated damages and shall not in any way foreclose the United States' right to pursue any other causes of action arising from Settling Defendants' false or materially inaccurate information. This covenant not to sue extends only to Settling Defendants and does not extend to any other person.

IX. RESERVATIONS OF RIGHTS BY UNITED STATES

24. The United States reserves, and this Consent Decree is without prejudice to, all rights against Settling Defendants with respect to all matters not expressly included within the Covenant Not to Sue by United States in Paragraph 23. Notwithstanding any other provision of this Consent Decree, the United States reserves all rights against Settling Defendants with respect to:

- A. Liability for failure of Settling Defendants to meet a requirement of this Consent Decree;
- B. Criminal liability;
- C. Liability for damages for injury to, destruction of, or loss of natural resources, and for the costs of any natural resource damage assessments;
- D. Liability under Section 106 or 107 of CERCLA based on any action (other than ownership of real property) of any Settling Defendant after signature of this Consent Decree; and
- E. Liability arising from the past, present, or future disposal, release or threat of release of a hazardous substance, pollutant, or contaminant outside of the Site.

25. Notwithstanding any other provision of this Consent Decree, the United States reserves, and this Consent Decree is without prejudice to, the right to re-institute or re-open this action, or to commence a new action seeking relief other than as provided in this Consent Decree, if any of the Financial Information or the Insurance Information provided by Settling Defendants, or the certification made by Settling Defendants in Paragraph XV, is false or, in any material respect, inaccurate.

26. Nothing in this Consent Decree is intended to be nor shall it be construed as a release, covenant not to sue, or compromise of any claim or cause of action, administrative or judicial, civil or criminal, past or future, in law or in equity, which the United States may have against any person, firm, corporation or other entity not a signatory to this Consent Decree.

X. COVENANT NOT TO SUE BY SETTLING DEFENDANTS

27. Except with regard to the terms of this Consent Decree, which the parties agree are binding and enforceable against each other, the Settling Defendants agree not to assert any claims or causes of action against the United States, or its contractors or employees, with respect to the Site or this Consent Decree, including but not limited to:

A. Any direct or indirect claim for reimbursement from the EPA Hazardous Substance Superfund established by 26 U.S.C. § 9507, based on Sections 106(b)(2), 107, 111, 112, or 113 of CERCLA, 42 U.S.C. §§ 9606(b)(2), 9607, 9611, 9612, or 9613, or any other provision of law;

B. Any claim arising out of response actions at or in connection with the Site, including any claim under the United States Constitution, the North Carolina Constitution, the Tucker Act, 28 U.S.C. § 1491, the Equal Access to Justice Act, 28 U.S.C. § 2412, as amended, or at common law; or

C. Any claim against the United States pursuant to Sections 107 and 113 of CERCLA, 42 U.S.C. §§ 9607 and 9613, relating to the Site.

28. Nothing in this Consent Decree shall be deemed to constitute approval or preauthorization of a claim within the meaning of Section 111 of CERCLA, 42 U.S.C. § 9611, or 40 C.F.R. 300.700(d).

29. Settling Defendants agree not to assert any claims or causes of action that they may have for all matters relating to the Site, including for contribution, against any other person. This waiver shall not apply with respect to any defense, claim, or cause of action that Settling Defendants may have against any person if such person asserts a claim or cause of action relating to the Site against such Settling Defendants.

XI. EFFECT OF SETTLEMENT/CONTRIBUTION PROTECTION

30. Nothing in this Consent Decree shall be construed to create any rights in, or grant any cause of action to, any person not a Party to this Consent Decree. The United States reserves any and all rights (including, but not limited to, any right to contribution), defenses, claims, demands, and causes of action that it may have with respect to any matter, transaction, or occurrence relating in any way to the Site against any person who is not one of the parties hereto.

31. The Parties agree that Settling Defendants are entitled, as of the Effective Date of this Consent Decree, to protection from contribution actions or claims as provided by Sections 113(f)(2) and 122(h)(4) of CERCLA, 42 U.S.C. §§ 9613(f)(2) and 9622(h)(4), for "matters addressed" in this Consent Decree. The "matters addressed" in this Consent Decree are all response actions taken and all Response Costs incurred at or in connection with the Site, by the United States or any other person. The "matters addressed" in this Consent Decree do not include those Response Costs or response actions as to which the United States has reserved its rights under this Consent Decree (except for claims for failure to comply with this Consent

Decree), in the event that the United States asserts rights against the Settling Defendants coming within the scope of such reservations.

32. In any subsequent administrative or judicial proceeding initiated by the United States for injunctive relief, recovery of Response Costs, or other relief relating to the Site, Settling Defendants shall not assert, and may not maintain, any defense or claim based upon the principles of waiver, *res judicata*, collateral estoppel, issue preclusion, claim-splitting, or other defenses based upon any contention that the claims raised by the United States in the subsequent proceeding were or should have been addressed in this Consent Decree; provided, however, that nothing in this Paragraph affects the enforceability of the Covenant Not to Sue by the United States set forth in Section VIII.

XII. SITE ACCESS

33. If the Site, or any other property where access is needed to implement response activities at the Site, is owned or controlled by any of Settling Defendants, such Settling Defendants shall, commencing on the date of lodging of this Consent Decree, provide the United States, and its representatives, including EPA and contractors, with access at all reasonable times to the Site, or to such other property, for the purpose of conducting any response activity related to the Site, including, but not limited to, the following activities:

- A. Monitoring, investigation, removal, remedial or other activities at the Site;
- B. Verifying any data or information submitted to the United States;
- C. Conducting investigations relating to contamination at or near the Site;
- D. Obtaining samples;
- E. Assessing the need for, planning, or implementing response actions at or near the Site;
- F. Inspecting and copying records, operating logs, contracts, or other documents maintained or generated by Settling Defendants or their agents, consistent with Section VIII(Access to Information); and
- G. Assessing Settling Defendants' compliance with this Consent Decree.

34. Notwithstanding any provision of this Consent Decree, the United States retains all of its access authorities and rights, as well as all of its rights to require land/water use restrictions, including enforcement authorities related thereto, under CERCLA, RCRA, and any other applicable statute or regulations.

XIII. ACCESS TO INFORMATION

35. Settling Defendants shall provide to the United States, upon request, copies of all records, reports, or information (hereinafter referred to as "records") within their possession or

control or that of their contractors or agents relating to activities at the Site, including, but not limited to, sampling, analysis, chain of custody records, manifests, trucking logs, receipts, reports, sample traffic routing, correspondence, or other documents or information related to the Site, provided, however, that Settling Defendants need not retain or provide copies of records which were originated by EPA, the State of North Carolina, or Gaston County, or their agents or contractors. Because regulatory authorities conducted the sampling, testing and remediation activities at the Site, Settling Defendants represent that they did not conduct any such investigations, and do not have in their possession or control records described in the preceding sentence other than those originated by EPA, the State of North Carolina and Gaston County, their agents or contractors and retained by counsel for Settling Defendants.

36. Confidential Business Information and Privileged Documents.

A. Settling Defendants may assert business confidentiality claims covering part or all of the records submitted to the United States under this Consent Decree to the extent permitted by and in accordance with Section 104(e)(7) of CERCLA, 42 U.S.C. § 9604(e)(7), and 40 C.F.R. 2.203(b). Records determined to be confidential by EPA will be accorded the protection specified in 40 C.F.R. Part 2, Subpart B. If no claim of confidentiality accompanies records when they are submitted to EPA, or if EPA has notified Settling Defendants that the records are not confidential under the standards of Section 104(e)(7) of CERCLA or 40 C.F.R. Part 2 Subpart B, the public may be given access to such records without further notice to Settling Defendants.

B. Settling Defendants may assert that certain records are privileged under the attorney-client privilege or any other privilege recognized by federal law. If Settling Defendants assert such a privilege in lieu of providing records, they shall provide the United States with the following: 1) the title of the record; 2) the date of the record; 3) the name, title, affiliation (*e.g.*, company or firm), and address of the author of the record; 4) the name and title of each addressee and recipient; 5) a description of the subject of the record; and 6) the privilege asserted. If a claim of privilege applies only to a portion of a record, the record shall be provided to the United States in redacted form to mask the privileged information only. Settling Defendants shall retain all records that they claim to be privileged until the United States has had a reasonable opportunity to dispute the privilege claim and any such dispute has been resolved in Settling Defendants' favor. However, no records created or generated pursuant to the requirements of this or any other settlement with the EPA pertaining to the Site shall be withheld on the grounds that they are privileged.

37. No claim of confidentiality shall be made with respect to any data, including but not limited to, all sampling, analytical, monitoring, hydrogeologic, scientific, chemical, or engineering data, or any other documents or information evidencing conditions at or around the Site.

XIV. RETENTION OF RECORDS

38. Until 10 years after the entry of this Consent Decree, each Settling Defendant shall preserve and retain all records now in its possession or control, or which come into its

possession or control, that relate in any manner to response actions taken at the Site or the liability of any person under CERCLA with respect to the Site, regardless of any corporate retention policy to the contrary, provided, however, that Settling Defendants need not retain or provide copies of records which were originated by EPA, the State of North Carolina, or Gaston County, or their agents or contractors.

39. After the conclusion of the 10-year document retention period in the preceding paragraph, Settling Defendants shall notify EPA and DOJ at least 90 days prior to the destruction of any such records, and, upon request by EPA or DOJ, Settling Defendants shall deliver any such records to EPA. Settling Defendants may assert that certain records are privileged under the attorney-client privilege or any other privilege recognized by federal law. If Settling Defendants assert such a privilege, they shall provide the United States with the following: A) the title of the record; B) the date of the record; C) the name, title, affiliation (*e.g.*, company or firm), and address of the author of the record; D) the name and title of each addressee and recipient; E) a description of the subject of the record; and F) the privilege asserted. If a claim of privilege applies only to a portion of a record, the record shall be provided to United States in redacted form to mask the privileged information only. The Settling Defendants shall retain all records that they claim to be privileged until the United States has had a reasonable opportunity to dispute the privilege claim and any such dispute has been resolved in the Settling Defendants' favor. However, no records created or generated pursuant to the requirements of this or any other settlement with the United States pertaining to the Site shall be withheld on the grounds that they are privileged.

XV. CERTIFICATION

40. Settling Defendants represent that they have not located any records or documents relating to a lease of Roper Shopping Center Property to Untz Dry Cleaners, or to the disposal of any hazardous substances at the Site by Untz Dry Cleaners, its agents or employees.

41. Excepting copies of records which were originated by EPA, the State or North Carolina, Gaston County, or their agents or contractors, copies of which are in the possession of Settling Defendants' counsel, Settling Defendants each hereby certify that, to the best of their knowledge and belief, after thorough inquiry, they have:

A. Not altered, mutilated, discarded, destroyed or otherwise disposed of any records, reports, or information relating to their potential liability regarding the Site since notification of potential liability by the United States or the state or the filing of a suit against it regarding the Site and that they have fully complied with any and all requests of the United States for documents or information regarding the Site and Settling Defendants' financial circumstances pursuant to Sections 104(e) and 122(e) of CERCLA, 42 U.S.C. §§ 9604(e) and 9622(e);

B. Submitted to the United States Financial Information that fairly, accurately, and materially sets forth financial circumstances of each Settling Defendant, and that those circumstances have not materially changed between the time the Financial

Information was submitted to EPA and the time Settling Defendants execute this Consent Decree;

C. Fully disclosed the existence of any insurance policies that may cover claims relating to cleanup of the Site, and have submitted all available Insurance Information, including all available policies and other information required by the United States relative to insurance coverage of claims relating to cleanup of the Site; and

D. Not received any insurance proceeds relative to the Site, nor do any of Settling Defendants anticipate submitting any insurance claims or recovering any insurance proceeds in the future relative to claims of environmental liability at the Site.

XVI. FORCE MAJEURE

42. "Force Majeure," for purposes of this Consent Decree, is defined as any event arising from causes beyond the control of Settling Defendants, or of Settling Defendants' agents or contractors, that delays or prevents the performance of any obligation under this Consent Decree despite Settling Defendants' best efforts to fulfill the obligation. The requirement that Settling Defendants exercise "best efforts to fulfill the obligation" includes using best efforts to anticipate any potential Force Majeure event and best efforts to address the effects of any potential Force Majeure event (1) as it is occurring and (2) following the potential Force Majeure event, such that the delay is minimized to the greatest extent possible. Force Majeure does not include financial inability to perform Settling Defendants' duties under this Consent Decree.

43. If any event occurs or has occurred that may delay the performance of any obligation under this Consent Decree, whether or not caused by a Force Majeure event, Settling Defendants shall notify EPA within 7 days after Settling Defendants first knew that the event might cause a delay. Within 7 days thereafter, Settling Defendants shall provide in writing to EPA an explanation and description of the reasons for the delay; the anticipated duration of the delay; all actions taken or to be taken to prevent or minimize the delay; a schedule for implementation of any measures to be taken to prevent or mitigate the delay or the effect of the delay; Settling Defendants' rationale for attributing such delay to a Force Majeure event if they intend to assert such a claim; and a statement as to whether, in the opinion of the Settling Defendants, such event may cause or contribute to an endangerment to public health, welfare or the environment. Settling Defendants shall include with any notice all available documentation supporting their claim that the delay was attributable to a Force Majeure event. Failure to comply with the above requirements shall preclude Settling Defendants from asserting any claim of Force Majeure for that event for the period of time of such failure to comply, and for any additional delay caused by such failure. Settling Defendants shall be deemed to know of any circumstance of which Settling Defendants or Settling Defendants' agents or contractors knew or should have known.

44. In the event EPA does not agree that the delay is attributable to a Force Majeure event, Settling Defendants shall have the burden of demonstrating by a preponderance of the evidence that the delay or anticipated delay has been or will be caused by a Force Majeure event, that the duration of the delay or the extension sought was or will be warranted under the

circumstances, that best efforts were exercised to avoid and mitigate the effects of the delay, and that Settling Defendants complied with the requirements of this Section. If Settling Defendants carry this burden, the delay at issue shall be deemed not to be a violation by Settling Defendants of the affected obligation(s) of this Consent Decree identified to EPA. If EPA agrees that the delay or anticipated delay is attributable to a Force Majeure event, the time for performance of the obligations under this Consent Decree that are affected by the Force Majeure event will be extended by EPA for such time as is necessary to complete those obligations, and EPA will notify the Settling Defendants in writing of this decision. An extension of the time for performance of the obligations affected by the Force Majeure event shall not, of itself, extend the time for performance of any other obligation. If EPA does not agree that the delay or anticipated delay has been or will be caused by a Force Majeure event, EPA will notify the Settlement Defendants in writing of its decision.

45. Any decision by EPA that the delay is not attributable to a Force Majeure event shall be reviewable by this Court, provided that a motion for judicial review of the decision is filed by the Settling Defendants with the Court and served on all Parties within 10 days of receipt of EPA's decision as set forth in Paragraph 44. The motion shall include a description of the matter in dispute, the efforts made by the parties to resolve it, the relief requested, and the schedule, if any, within which the dispute must be resolved to ensure orderly implementation of this Consent Decree. The United States may file a response to Settling Defendants' motion within 30 days of receipt of the motion. In proceedings on any dispute governed by this Paragraph, Settling Defendants shall have the burden of demonstrating that the decision of EPA is arbitrary and capricious or otherwise not in accordance with law. Judicial review of EPA's decision shall be on the administrative record.

XVII. NOTICES AND SUBMISSIONS

46. Whenever, under the terms of this Consent Decree, notice is required to be given or a document is required to be sent by one party to another, it shall be directed to the individuals at the addresses specified below, unless those individuals or their successors give notice of a change to the other Settling Defendants in writing. Written notice as specified herein shall constitute complete satisfaction of any written notice requirement of the Consent Decree with respect to the United States, EPA, DOJ, and Settling Defendants, respectively.
